ADAM'S CAPTAIN 4
Why we still using the old hash?
You know Kylie leaked it, right?

ADAM'S CAPTAIN 4 (CONT'D)
Actually-- that's why I wanted to
meet with you. We got it.

ADAM'S CAPTAIN 4 (CONT'D)
Not the one you got from Jon when
you fragged him, the one in his
Xbox Live payment info-- that was
his old one. We know that 'cause it
matches the area in the reports of
the explosion years ago. We looked
up the Master Chief toy I told you
about. The one in Jon's streams.
It's harder to find than we
initially thought. Only a couple
places in the world still sell it.
Both with piss-poor online
security. Broke into both their
databases with keyloggers. Ran
Jon's name against both. Found an
order from him for not only the
Master Chief figure, but an Arbiter
one from the same line. And a
shipping address. What do you wanna
do?

ADAM'S CAPTAIN 4
(voice modulated)
Don't fucking move, assholes.

ADAM'S CAPTAIN 4 (CONT'D)
Don't even think about it.

ADAM'S CAPTAIN 4 (CONT'D)
(scoffs)
Yeah, you're fucked, alright.

ADAM'S CAPTAIN 4 (CONT'D)
Oh, shit.

ADAM'S CAPTAIN 4 (CONT'D)
Fuck! Take 'em out!
